DEDICATION

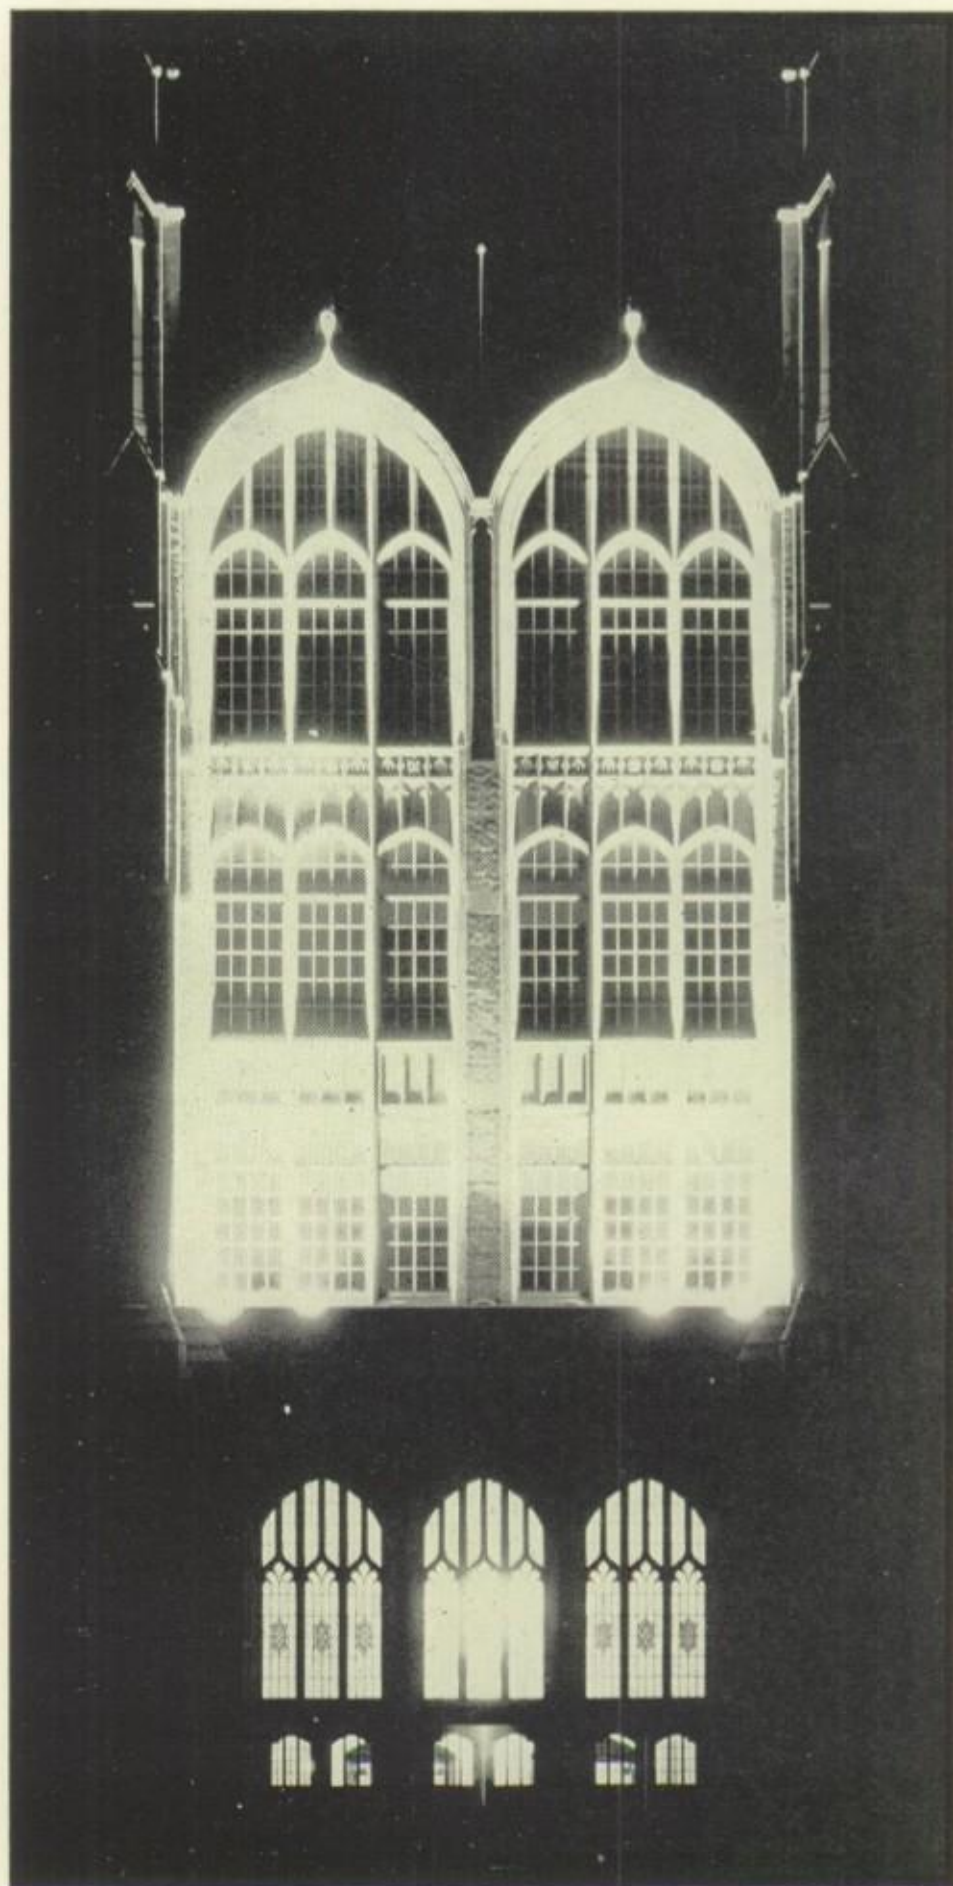

This is an age of economic chaos and political turmoil, when history is being made at a speed beyond the grasp of the human mind. Dissension, race hatred, and threats of war pervade Europe and Asia. Until a short time ago our own sky was spread with a cloud through which no ray of hope was visible. Our country, the richest in the world, had a fifth of its population unemployed, thousands of banks closed, and the life savings of our entire population jeopardized or completely wiped out. A terrible distress cried out to be alleviated. This great country was quickly being plunged into a pit of fathomless depth. The word "revolution" came too frequently from the lips of our most patriotic citizens.

Suddenly a new "Moses" arose, whose life work was to lead his people out of the "Land of Egypt." His first address to the nation lightened hearts, renewed hope, and brought back the characteristic American smile to clouded faces. In a scant few months a whole world of conceptions and institutions has been abolished and a new one erected in its place. Today the wheels of industry are speeding up. Happy men return at night to happy families.

In token of thanks, we, the graduates of the Olney High School, representative of the Youth of America, dedicate this record to Franklin Delano Roosevelt, a great president of a great country.

EDWIN Y. MONTANYE

Greetings to the Class, June, 1934:

My first thought for your Trojan is to suggest that you take great care to preserve it for years to come. It will be the source of infinite pleasure to recall the many friends and the happy experiences which you enjoyed while in Olney High School. Time and circumstance will naturally separate you from each other and this book may be a means to renew youthful attachments when you have achieved some of the goals formulated in school days.

I trust that each member of the class will live a life characterized by high purpose. Learning to live well is more important than to remember subject matter contained in books. You have had opportunity in school to learn the joy of service; go forth into life to serve your fellowmen.

You doubtless recall the story of the Great Stone Face as told by Nathaniel Hawthorne. Ernest had made an ideal of this countenance which he saw from the doorstep of his home and as he longed to see its counterpart in some great personality of his time, grew to resemble its likeness himself. And so it is with each of us if we will only let loose our natural kindness. If one is truly educated it will be reflected in one's health, in his skills, in citizenship, in home life, in how he uses his leisure time and above all in his character.

Finally, if there is an inclusive meaning in life, an inclusive purpose in all of our good purposes, then a complete education should include an apprehension of and a feeling for the divine. The ideally educated person will have a religion and a feeling of tolerance for all others no matter what their form of worship may be.

OWEN DEAN JOHNSTON

To My Friends of the Class of June, 1934:

During the organization of the Olney High School, three and a half years ago, it was necessary to draft students from schools which they had learned to love. The result was that they were hurt, hostile, and suspicious of the new school. Naturally, quite a fine crop of young critics developed.

Your class, however, is the first to be composed entirely of boys and girls to whom Olney is home. You are familiar with the remarkable profusion of good things Olney has to offer—a faculty conceded by many outsiders to be the best in the city,—athletic and social activities to suit every taste,—and a splendid and most likable student body (of whom your class is a shining example). It would be a pleasant innovation if your class would ignore tradition and show the enthusiastic appreciation these things deserve.

Appreciation is an intelligent mixture of the vinegar of criticism with the milk of human kindness. Like the quality of mercy, it droppeth like a gentle rain from heaven. Give your teachers and the old Alma Mater an occasional pat on the back.

In closing, I would like to express my own appreciation of your very fine attitude towards Miss Stuart and me, so much more tolerant and responsive than any sponsor has a right to expect.

With best wishes for your happiness and success, I am

Owen Dean Johnston

MARION L. STUART

To My Friends of the Class of June, 1934:

It has been a pleasure to be associated with the Class of June, '34, as one of its sponsors. Your spirit of cooperation and helpfulness may well be emulated by future classes. For you it means that you possess an attitude toward life conducive to success and happiness.

Now, as ever, success is the outgrowth of three factors; first, preparation, second, steadfastness of purpose, and third, the readiness to grasp opportunity. Preparation must never cease; you must always strive to become expert in whatever you undertake; your aim must always be that you shall become the best. The training you have received in the Olney High School is merely an introduction; you must continue. Concerning the second factor, I cannot emphasize too strongly the virtue of perseverance and the importance of finishing whatever you begin. But above all, you must be alert, keen to recognize an opportunity when it is offered, and with such a readiness and willingness to work that the opportunity does not slip out of your grasp.

As to happiness, I can suggest only one practical thought: that it cannot be measured in dollars and cents. You will find, as the years go by, that true happiness is best attained by helping others.

It is my sincere wish that each of you may find a place in your chosen field, that you may be successful in your work, and that happiness may be yours.

Under the able presidency of Robert Beisswenger, the Council of the Class of June '34 became the medium through which every question of local importance was discussed. The selection of the various committees and editors was handled entirely by the Council. It would have been impossible to have such well organized publications and such successful class projects without the aid of this group.

Irving A. Penn

The end of anything, no matter how enjoyable it has been, is always a little sad. Thus, on reaching the crossroads of this phase of learning, we cannot help but feel quite depressed at seeing the end of so pleasant and profitable a four-year experience.

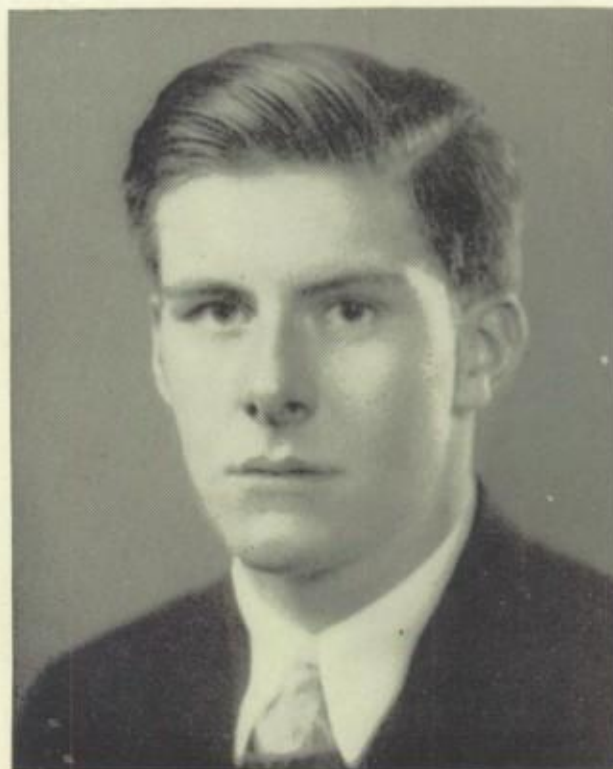

Certainly there is nothing which so quickly rounds out the true character of a man as four years of high school life. Each day, bringing as it does, new problems of study, conduct, and human relationships, gradually fixes habits of life which are never lost.

It is with hearts torn between sorrow and happiness that we take leave of these familiar walls and faces. May these pages serve to refresh our minds, so that while gauging the future, we can bring to mind the guidance of the past.

To those who have so nobly given of their time and effort in our behalf, we pledge the service of our never ending gratitude. May our years at Olney fit us for the realization of a richer and more beautiful life.

EDITOR'S
MESSAGE

From a lame brain
that can't think up the
correct thing to say,
Bob Beisswenger

As I think over the four years spent within the familiar walls of Olney High, I begin to realize that the last three terms were attended with far the greatest pleasure.

This was probably due to the fact that it was during this period that I became more deeply interested in class affairs, and as a result made many cherished friendships.

Our thanks for the success of all our class undertakings are due largely to our able, and what is more important, willing sponsors, Miss Stuart and Mr. Johnston, and to the committees that served under them. And now, as the time has arrived to bid farewell to my friends of June '34, I want to thank all of you for electing me President of the Senior Class, and for your wholehearted support during my terms of office. Finally, I want to say good-bye to all my classmates with the earnest hope that our associations will not be severed, and that we may meet again many times in the future.

Au Revoir

ILLUSTRATION BY M. PLOYD FELTON

February 4, 1931 is a day that should be remembered by the class of June '34. On that day crowds of "Pioneers," "Archives", and "Bulldogs" entered Olney from their respective schools. It was difficult for these students to adjust themselves to a different school, a building in which one might easily lose oneself. They were discouraged because they had been forced to leave the schools where they had made many friends. It took quite a while for these students who sang the praises of their former schools to become a united "Trojan" band. At last, however, the blue and white colors and the Olney seal became familiar to all and every one who had any school spirit began to hum "Olney High, Yet Young in Standing."

These students who were only beginning to love Olney were Freshmen then. The beginning of school the following September found many additions to the class.

As the terms went by they began to feel that Olney was "just one fine place." The boys who had scoffed before at the school where "girls were allowed" began to sing its praises. The girls became acquainted with "some of those queer fellows from a boy's high," and also lauded the school. Clubs were rapidly being formed, and there was ample opportunity for one to meet friends after school. In this manner the boys and girls came to know each other better.

STORY • HISTORY • HISTORY • HISTORY • HISTORY • HISTORY • HISTORY •

At last in the 11B term they were organized and the class of June '34 was now recognized in the school. Mr. O. D. Johnston and Miss M. Stuart were chosen as sponsors. The class officers were elected and amiable Bob Beiswenger became president. Ola Potter, Ruth Ziegler and Harry Schaeffer became vice president, secretary and treasurer, respectively. There was an 11B dance in the Girls' Gym—the first social event in the history of the class. This affair helped a great deal to bring the members of the class together. "June '34" made its appearance with Elizabeth Karff as Editor-in-Chief and became an important factor in the class.

In the fall of '33 they returned and having finished their discussions of "last summer's boyfriend," and "my suntan," the class re-elected Bob and began another term of progress. Ola Potter, Ruth Ziegler and Arthur Whitehair were the other officers. The class paper again appeared under the supervision of Irving Penn and the staff of the "Trojan" was chosen. Penn was also elected to edit the work of the Record Book. A 12A dance was held which was successful. This was due in a great many ways to the Committee, headed by Chairman Bill Welte. Ruth Ziegler, the secretary of the class, was honored at this time by being elected to the vice-presidency of the school. Last but by no means least, their pictures were taken and what sad faces were exhibited while they lived through those anxious moments! And what fun they had when the pictures returned!

They were convinced that the "Trojan" would be a miniature rogue's gallery. As a finale to the term, the Prom was held at the Old York Road Country Club. Those were anxious moments when the young man who had spent his allowance waited breathlessly to hear "pop" give his consent to advancing the two dollars. The committee, headed by Art Nibling deserved much praise. Ray Duffy's orchestra provided the music and the dance was successful, both financially and socially.

February '34 found the class beginning their last term. What a time they had filling out their questionnaires for the "Trojan." It required much thought. This was their last chance to render some service to the school which would always be remembered. Again the class paper was distributed. This term it appeared with Lew Greene as Editor-in-Chief. Earnest work was begun on the part of the "Trojan" staff. Class meetings were held every week, presided over by Bob Beiswenger and made enjoyable by the wit of Mr. Johnston. The officers remained the same as the previous term. Bill Welte and Bob Dobie were elected as 12B Senators and John Ballbach became the president of the school.

Now it is history—the history of the class of "June '34." Very soon many familiar faces will be absent from the corridors. We wonder if they will be missed. The future lies ahead. Will the class be remembered in the school which it has loved or will it become a faint memory and soon be forgotten?

REPRESENTATIVES

Perhaps the most efficient student government in the country is that at Olney High School. Through the House of Representatives and Senate, our extra-curricular activities, athletics, and student court are managed as smoothly as can be hoped for anywhere.

The June '34 Class was particularly prominent in the workings of this machine since the entire Executive Board, Irving Fien, Irving Penn, Ross Hidy, Marjorie Beers, Ruth Ziegler and Virginia Stauffer, were of the senior class, as were Robert Dobie, the president of the Senate, and naturally John Ballbach, president of the S.A. We hope that the lower classmen will be able to continue the work so proficiently carried on by these graduating luminaries.

STUDENT ASSOCIATION

"JUNE '34 STAFF"

The class paper, "June '34", was the medium through which the class was acquainted with all the news, gossip, and scandal of importance. It was organized in the 11B term with Elizabeth Karff as the first editor. Irving Penn succeeded Elizabeth and carried the paper through a most successful 12A term. Lewis Greene was in charge during 12B, and ended the paper's publication in a grand finale. We are sincerely grateful to the three editors and to the staffs for their share in moulding our class into an inseparable unit.

"Absence Makes the Heart Grow Fonder"

Not sarcasm, is the above, but a verity. Missed by faculty and students alike, were Arty's good-natured fellowship and jovial manner. Always emanating from him, there was a "Silence is Golden" atmosphere.

"BROWNIE"

B. C. A.

No one in the school knows just what B. C. A. means with the exception of "Brownie," who is the President, and his shadows, Jay and Bob. Trying to get "Marsh" to speak is like trying to open a clam, but once he's started there isn't a cleverer punster to be found.

JEANNE WHITEHEAD

"Jeannie's" name is very appropriate for she has one of the prettiest "white heads" in the class. This versatile miss says she is going to be a business woman, but after seeing "Jeannie" one knows that the only business she will have will be that of a housewife.

WINFIELD WILLIAMS

220 E. Tabor Road

"WINNIE"

"Winnie" doesn't need a list of activities to make him popular. One look at his brown hair, blue eyes and splendid height and the word spread quickly enough among the "weaker" sex. However, "Winnie" has nothing to do with girls. We wonder!

DAVID WINITSKY

5132 C Street

Academic Teacher

"DAVE"

"You have to be a football hero," but you have to have brains and looks also to get along with the beautiful girls. Believe it or not, "Dave" possesses all these qualities, and he isn't a bit conceited! More than one fair damsel in our class wishes he would take more notice of the "weaker" sex.

We have completed two chapters in the slim Book of Life. Perhaps we have skimmed through the pages—passing over the boring description—missing some important points.

BIG "4"

Olney High School's best friend and greatest benefactor is the Big Four Fathers Association. This organization has worked unceasingly in the interest of bringing the High School to this district and is now helping with its own funds, aiding and supporting school activities.

Many of the men have sons and daughters who are attending the Olney High School. Naturally they are interested in what their boys and girls are doing. And those who are not fathers of students are just as willing to encourage the student body in its work and play.

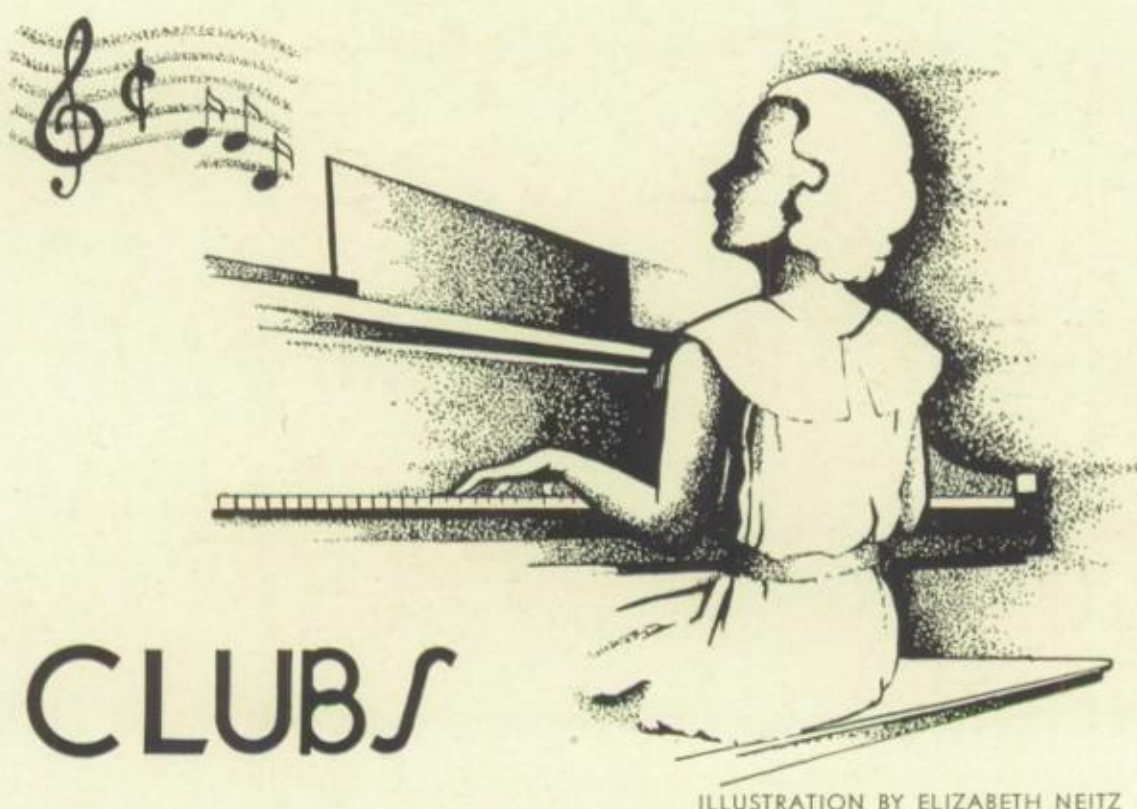

This Association itself has its play, too. In fact, a considerable part of each meeting is devoted to entertainment, meetings being held on the first Thursday evening of each month in the School.

We greatly appreciate the support of the teachers and students, and we offer our best wishes to this Class of June '34.

The Big Four Fathers Association,

Stuart S. Buzby

President.

CLUBS

ILLUSTRATION BY ELIZABETH NEITZ

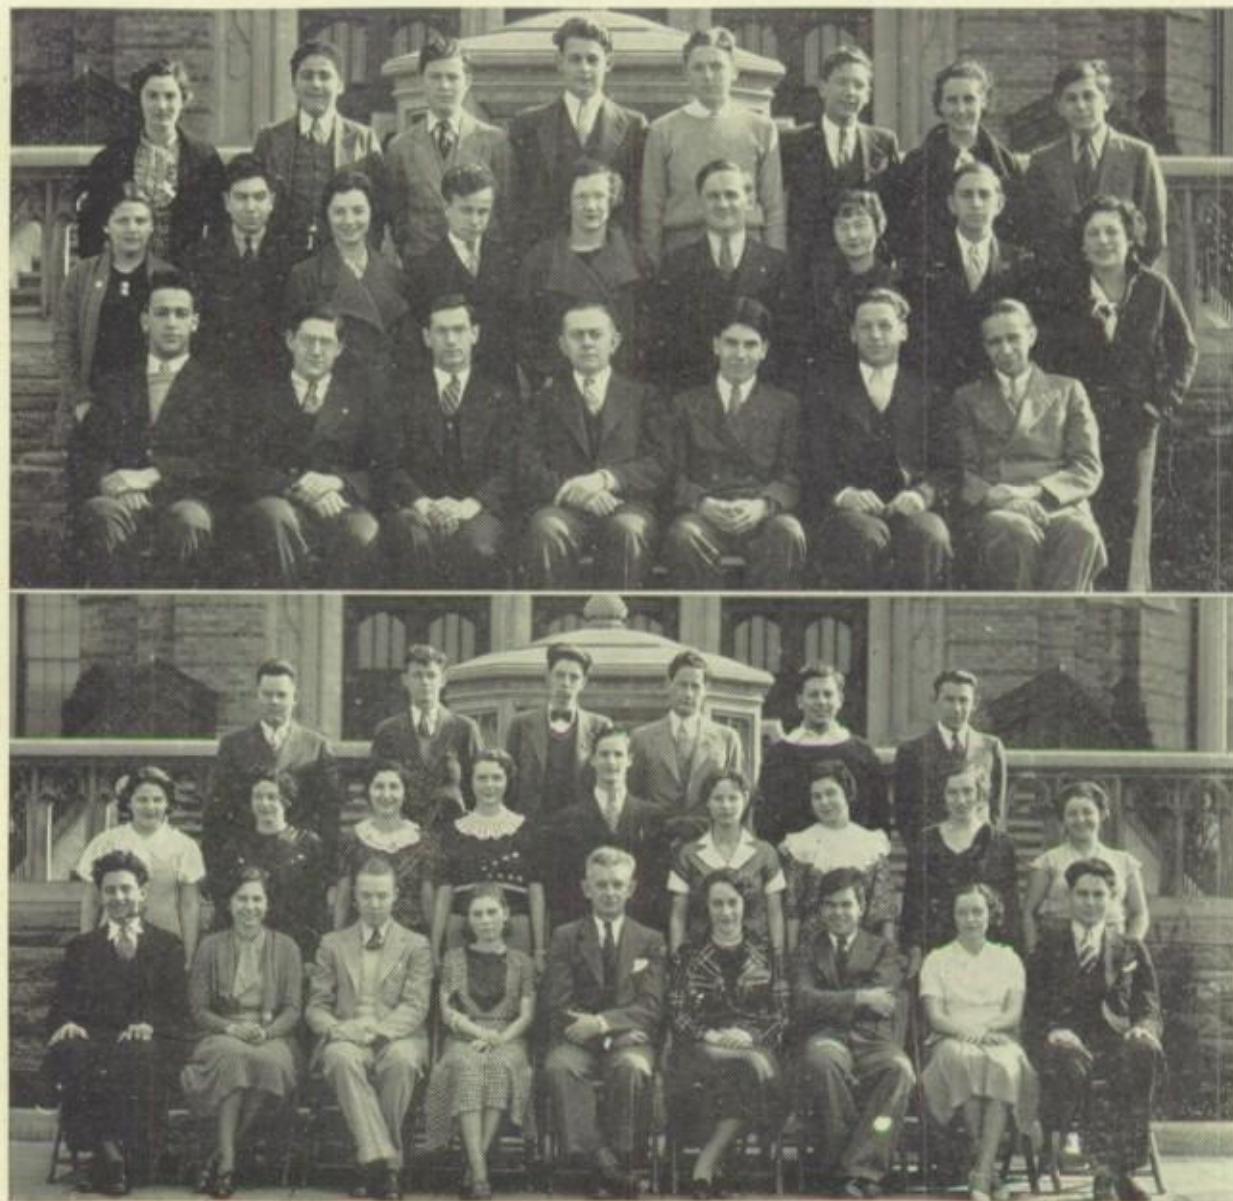

PERHAPS THE MOST IMPORTANT PHASE OF SCHOOL ACTIVITY, CERTAINLY THE MOST WIDELY PARTICIPATED IN, IS THE CLUB LIFE OF OLNEY. THE CLUBS ARE EXCELLENT MEANS OF FAMILIARIZING THE STUDENTS WITH EACH OTHER AND WITH THE SCHOOL. THEY REPRESENT THE FINEST KIND OF STUDENT GOVERNMENT. THEY SERVE AS A MEDIUM FOR HEIGHTENING INTEREST IN THE VARIOUS ARTS AND SCIENCES. THEY ARE EDUCATIONAL AS WELL AS ENJOYABLE. THERE IS HARDLY AN INTEREST A STUDENT CAN HAVE WHICH IS NOT REPRESENTED BY ONE OF OUR CLUBS; AND INTERESTS VARY A GREAT DEAL. THE CLUBS CONTRIBUTE TOWARDS OUR SCHOOL ENTERTAINMENTS. THEY CONDUCT DANCES, PRESENT ASSEMBLY PROGRAMS, AND REPRESENT OLNEY IN INTERSCHOLASTIC ACTIVITIES. THEY ARE ESTABLISHED ON A PAYING BASIS; BUT NOT MONETARY PAYMENT. THEIR RETURNS ARE PURELY IN THE FORM OF HEIGHTENING INTEREST, DEVELOPING KNOWLEDGE, AND INCREASING ENJOYMENT OF A SUBJECT. FOR THE MANY ENJOYABLE HOURS THAT THEY HAVE SUPPLIED MEMBERS OF OUR CLASS WE EXTEND OUR THANKS—AND DEVOTE THE FOLLOWING PAGES TO THEM.

Through the progress of civilization, men have undergone torture and anguish for a cause they knew to be beneficial to their fellow mortals. They possessed the godly characteristics of courage, loyalty, and faith in their Creator. The significant objective of the Bible Club of Olney is to endeavor to teach its members these noble traits by example and by readings from various religious documents.

From the name of this group one is likely to believe that the Modern Reading Club is a clique of book worms. The Modern Reading Club is made up of individuals who possess literary propensities, enjoy reading and studying the modern journalists, authors, and poets. Throughout the term many interesting talks were rendered by Gloria Lerner, Erwin Rose, and Lewis Greene on subjects pertaining to current literary successes.

The Debating Society, similar to the "Highlights," is an organization of outstanding and colorful personalities. The president, Irving Fein, and the Vice-President, Wilson Prickett, were active debating leaders at Olney. The presence of Harold Libros, Olney's noted "soapboxer," was one of the club's many attractions.

The destiny of the "Highlights" for the term ending in June '34 was greatly affected by the personalities of Owen Dean Johnston, Jr., and Erwin A. Rose. The former, a technical marvel, and the latter, he of the critical eye and dynamic oratory, combined to build the "Highlights" circulation to the largest of all local high school periodicals. Irv Penn's cartooning, Herbert Brody's feature writing and the untiring efforts of a staff of reporters, were June '34's outstanding aids to the "Highlights."

Whizzing through the hazy iso-thermal layer at the Junior P.M.A.A. meet, one would have gazed upon the blue and white plane of James Horan lightly carrying off the laurels for the Aero Club of Olney. Not only does the Aero Club enlighten students as to constructing model air planes and the technique of keeping them aloft, but also takes them to various air ports for inspection tours.

What is playing at the theatre this evening? This question can be answered by any member of the Theatre Club. The members of this group know actors, actresses, plays, and the brightlights of the theatrical world as well as a person knows he has an incessant toothache.

Healthy living, sportsmanship, and good moral Christian character are the virtues that the Boys' Hi-Y endeavors to develop for its members. Upon more than one occasion this body of youths assisted the poor of the community and aided the orphans.

The Girls' Hi-Y entrance qualifications are identical with those of the Boys' Hi-Y. An organization of virtuous maidens who strive to better social conditions in the school and community through the nobleness of their character. Several times these high minded maidens catered to those unfortunate people who are penniless. Of what greater value can a school organization be than this?

Anton Graff, president of this aggregation, having spent many weeks in Spain, interested the members spinning yarns about his adventures in the "Land of the El Toreador," the dark-eyed señoritas, feudal castles, and sparkling wine.

With Elizabeth Karff Chargé d'affaires, the Sr. French Club of Olney had the most successful term since it was organized. Forty-five lovers of the French language flocked bi-monthly to Mr. Barrett's rendezvous to converse in the language of the "Frogs," and also to review gay facts about the country that always has the "dernier cri" (The latest fad) in wearing apparel. Viva la Sr. French Club forever!

The members of the Primi Ten are considered Olney's ten best artists, and have contributed greatly to the internal beautification of the school. Ployd Felton, artist extraordinary and president, created many interesting amusements for the club throughout the term.

Carrying on for another term under the leadership of Anton Weber, the German Club concludes another interesting season. The sponsorship of Miss Samans is a noteworthy feature of this organization.

Nine out of ten maidens who are enrolled in the Tap Club are stage-aspiring individuals. The club is divided into two sections. One section consists of girls who are experts at clogging, while the other section comprises the beginners. It takes dexterous manipulation of the feet and a strong back to be a success at tap dancing, therefore, these maidens may justly be entitled a group of Olney "Amazons."

Olney's Chamber of Commerce, presided over by Irving Margolis, has closed an interesting term throughout which, with the aid of Mr. Greenblatt, it has discovered ways and means of providing absorbing material with which to enliven their meetings. The play given by the Chamber of Commerce was made a great success.

"We are twenty." That is the English for Nos Viginti. Its aim is to provide a greater opportunity for more extensive reading in Latin. Under the administration of Donald Berkowitz, the president, a term of interesting readings and discussions made the club one of Olney's most popular.

Under Miss Coleman's guidance, Res Romana has had a banner year. The club presents plays and discussions which stimulate interest in Latin. The Res Romana is a member of the inter-high Latin Club.

How those boys could dance! They were not gigolos, but merely a tribe of Olneyonians prancing about with dance steps popular in Sitting Bull's age. Chief Charles Myers had his tribe demonstrate one of their many fantastic pow-wows in the auditorium; it was a howling success, just as the entire Indian Lore Club proved to be.

Mrs. Steen, William Rocap and Margaret Ridington have continued, throughout another term, to keep the Biological Club in its exalted position. Albert Rosenheimer and Ben Roberts, the other two officers, have been factors in its success.

The scene is at the rear of a beautiful and spacious auditorium. A stately Olneyonian is addressing an assemblage of the "cream of the school." That speaker is the Daniel Webster of the "Trojanians," Irving Penn. He is convincing the representatives that a certain project will be of great significance to the students. The "Daniel Webster" takes his place and his motion is almost immediately seconded. It is beyond doubt that the success of the House this term was due to the influence of the senior members of the House of Representatives such as Irving Penn, Ross Hidy, Ruth Ziegler, Irving Fein and, of course, President John Ballbach.

After an aggressive battle of three years, Olney's Junior Demosthenes finally devastated their opponents with scintillating victories. Mr. Oeste's consistent coaching, Harold Libros's (affirmative captain) persuasive conceptions on the subject under fire, Isadore Soiffer's (negative captain) extraordinary elocution, and Bruce Greenfield's oratory, were great factors in Olney's winning the coveted trophy.

RAIDED NIGHT CLUB EXPOSES NOTABLES IN MIDNIGHT REVEL

**Club Hocha Raided at 1:15
A. M.; Zalis and Orbell Escape
Police Net; Society Notables
Arraigned Before Judge
Harry Barufkin at Night Court**

OWNERS SOUGHT

Operating on a false permit, the Club Hocha was raided this morning at 1:15 A. M. Anthony Zalis and Roy Orbell, proprietors, couldn't be found on the premises and are believed to be in hiding in order to avert charges brought against them by Burton Zeidner, Chief of Police.

The orchestra, all women, conducted by Marjorie Beers, was playing "Too Much Doing" just as the first police squad entered. The usual shouting and screaming ensued and among the patrons the following socially prominent people were present: Miss Margaret Salerno and Mr. Wilmer Loeffler, Miss Ruth Ziegler and Mr. Irving Penn, who recently announced their engagement, Mr. and Mrs. Robert Beisswenger with their close friend, Mayor Ross Hidy. Mrs. Beisswenger was the former Valerie Holmes. Mr. and Mrs. James Allen Parton, Jr. (Mrs. Parton was the former Miss Ola Potter). Miss Lillian Hampel and Mr. Robert Dobie, Miss Jeanne Whitehead and her fiancé, Mr. Arthur Whitehair, Miss Naomi Levyne and Mr. Lewis M.

Greene, former middleweight boxing champion, Mr. and Mrs. Elwood Brill (Mrs. Brill was the former Miss Helen Gibbons), Mr. and Mrs. Harold Ratcliffe, who are known as one of the happiest married couples in the city.

Mrs. Zalis, the former Claire Edelstein, when questioned concerning her husband's whereabouts, stated that she knew nothing about him, for he hadn't been home for a week.

Miss Irma Goller, private secretary to Mr. Orbell, could supply no information about him. The police will continue their search in the neighborhood of the speakeasy.

All suspected persons were taken to the night court at City Hall and arraigned before Judge Harry Barufkin. They were permitted to go free because of lack of sufficient evidence.

Those in the raiding squad were Max Fields, Milton Lofland, Sidney Greenberg, William McClain, Simon Fine, Morris Gor, and Paul Schwartz.

DR. KAUFMAN CONFIRMS GERM THEORY

Dr. Bernard Kaufman, professor of bacteriology at the University of Pennsylvania, has found support for his theory "that bacteria can survive in a state of suspended animation for millions of years."

Investigations carried on in mines and pre-Aztec pyramids have confirmed his theory.

LIBROS ASSUMES DICTATORSHIP

Harold Libros, a former Radical Socialist of Philadelphia, has become dictator of one of the Spice Islands, off the coast of New Guinea.

Libros, his comrade, Helen Schmutz, and his communist army of 2500 men invaded and took over the Island by force. The government offered little protest, however, and accepted his dictatorship rather calmly. Miss Schmutz will assume duties as Chief Commissioner of Communist Propaganda.

RATCLIFFE HOLDS ANNUAL OUTING

**Worthy Employees To Receive
Special Consideration
From Firm**

Mr. Harold Ratcliffe, president of the Cooperative Department Stores, Inc., will hold the annual picnic at Burholme Park this afternoon for all outstanding employees of the association who have merited consideration during the past season. Luncheon will be served, followed by dancing on the pavilion or canoeing. Bob Cooper and his orchestra will provide the syncopated tunes.

Many outstanding participators in the progress of our nation today as international peace counselors; as contributors to the progress of science and art; as leaders in the advance of our national, state and city governments toward wise legislation, are men and women who were graduated from Philadelphia high schools.

In international diplomacy, distinctions go to Leonard Goldfine, ambassador to the Soviet Republic, Bernard Diamond, ambassador to England, Robert Dobie, ambassador to France, Erwin Rose, ambassador to Italy, Madeleine Malone, ambassador to Austria, and Arthur Nibling, ambassador to Germany.

In government, recognition is due to Senators William Welte and Orville Robinson, Representatives Nathan J. Ellis, Raymond Evans, Bessie Sabaroff, Melvin Weise, Robert Beisswenger, Mary Viola Potter, and Russell Miller, Governor John M. Ballbach and his righthand man Charles M. Good, and Mayor Ross Hidy, well-known to all of us; at the capital and among the President's cabinet officers there are from this city, Secretary of State Irving A. Penn, Secretary of Treasury Arthur Whitehair, Secretary of War Melvin Greisler, Secretary of Navy Roland Nash, Attorney General Bruce Greenfield, Secretary of Labor Sylvia Rosenthal, Secretary of Commerce Harry Reed, and John T. Rushton, Jr., Postmaster-General. Arnold Finkle was appointed associate justice of the Supreme Court.

In the various scientific fields, prominent contributors have been the eminent Robert Meyers, Ruth McElroy, Virginia E. Stauffer, Dr. Wm. J. Carnell, Dr. Anne Booth, Mary Eleanor Castor, Martin Eisenstein, Dr. Irving Fein and Dr. Bertha Horowitz.

Leading artists today are Bernice Maimin, Ployd Felton, Jessie Corn, Walter Bruce Cornet, Neill R. Cranmer and Richard O. Simon.

WHAT WOULD YOU DO?

Dear Miss Eisenberg:

I'm in love with a traveling salesman, who only comes to my house for dinner every 6 months and usually professes violent love for me. He has missed the last two visits. Do you think he sees someone else?

Gracie Leggett.

Answer: Whether or not he visits some one else is unimportant. He, without doubt, has found a better restaurant in your town. Forget him and save that semi-annual expense.

A MARITAL PROBLEM

Dear Miss Eisenberg:

My wife refuses to get home and cook supper for me. She says I don't satisfy her. What does she mean?

Herbert Brody.

Answer: There are some excellent books on feminine psychology. Try reading them. Also, are you a masterful man?

RATHER ONE SIDED NOW!

Dear Miss Eisenberg:

My brother's boyfriend likes blondes. I'm red-headed and crazy over him. Shall I become passive and bleached?

Vera Patton.

Answer: Can he afford to keep your hair looking natural?

STILL TIMIDI!

Dear Miss Eisenberg:

A young girl in our neighborhood persists in making advances. My mother always taught me to stay away from the opposite sex. How can I stop this?

George Moore.

Answer: Marry the girl.

SPORT-LIGHTS

by Ruth Young

(Ed. Note: This column was found in a paper printed in June, 1939, called the Evening Herald.)

"You sport fans might be interested, today, instead of our regular column, with a review of the outstanding men in sports world this year."

David Portner has done his bit again at Princeton. That boy is one swell tackle.

Orville Robinson also deserves honorable mention in this column. He has managed that famous Brooklyn Jewels basketball team. He can still show some of those young fellows new tricks in sinking that ball.

Do you remember Howard Bradbury, the All-American Center in 1936? He went to Penn then. Well, he's showed his stuff again by coaching those Yale boys until they've become champions. If he keeps it up, he may be able to outshine Knute Rockne of the 30's.

Walter Thompson is another one of those famous tackles we can't forget. He and "Bill" Strube, the fullback, have made the Phila. Eagles one swell team.

This column would be no good without the name of Jack Rushton, the International League baseball player. He surely has made the Albany team wake up.

Stocks of the "American Cheese Corporation," known to be controlled by John Kepner, Donald Munro and Richard Shill, have just paid an unusually large dividend and the corporation has also issued more stock.

Investors are urged to refrain from buying any stock of this new issue for it is undoubtedly "watered" and of a highly speculative nature.

Security of principle is an assured feature for investors in the "Brown and Ishinger Pencil Corporation."

BAER ADDRESSES LITERARY GROUP

Miss V. Christie, President, Presents Columnist With Award For Literary Achievements

Dorothy Baer, well-known columnist and author, spoke before the "Women's Society for Cultural Pursuits," last night in the Benjamin Franklin Hotel, on the subject of "The Influence of Ancient Greek Culture."

"Education, as a means of bringing a more spontaneous awareness of beauty in the youth of this period, would be a highly desirable aim," she asserted.

Miss Virginia Christie, president of the society, presented Miss Baer with an award for her splendid literary achievements. Miss Sarah Helen Kwass, secretary of the organization, gave Miss Baer a bouquet of flowers.

Other members of the society who attended were Lucy Margaret Miller, Gertrude Evans, Helen Lawrence, Helen Flake, Helen Gibbons, Rita Cohen, Alberta Trautman, Elsie Ewald, Helen Motson, Eleanor Mason, Charlotte M. Beatrice Martindell, Mildred McGough, Tanya Rabinowitz, Anne G. Wood. The young men included were Jack Raditz, Harry Katz, Bernard Robbins, Leonard H. Walter, Jr., Solomon Schwartz, Louis H. Beneke, John Barr, Alfred Berwind, William Walters, Robert Litty, Ralph Mitosky, Wm. J. Carr, Walter Thompson, Marvin Yaspán, Harry Kracoff, Wm. Schmidt, Albert Schoenwetter, Fred E. Esvinotsky, Robert Gordon, Harold Hecke, Harold Oetzel, Leroy Benner, Harry J. Meenan and Harry Marshall.

Olney has been no laggard in the development of its sports. In addition to those teams illustrated in the following pages, we have interclass teams which vie with each other for class supremacy in the field. The best testimonial we have of our sportsmanship is the Sportsmanship Trophy which Olney has received for two consecutive terms. The value of athletics as an instigator of class spirit is well known. As a developer of bodies and an instructor in sportsmanship, athletics is unrivaled. The value of developing the body at the same time the mind is developed is well recognized. When our Latin is long forgotten, the memory of an achievement in sports will remain. And, when in later years, as dignified alumni, we tear up the stands in our enthusiasm at seeing Olney trounce a rival team, all will be forgiven because it is in the name of athletics!

ATHLETES:

defeat—do not bow your head
for shame at having met it.
Let this stir you on to greater heights;
let this instill in you the ambition
which was lacking
before you were defeated.

victory—do not shout out joyfully
for happiness at having met it.
Let this stir you on to greater heights;
let this instill in you the power
which is necessary
to continue victoriously.

Howard Bradbury.

Gallivantin', growlin', gallopin', grinnin', gridiron gladiators. Hard fighting, plucky boys—they gave the best performance that the school has seen since its opening. This season was noticed to be the best, and an excited student body did justice to the moral support of the team, and losses were turned into victory by an ardent cheering section and willing team. The gridgers from the senior class were Bob Dobie, Jack Rushton, Walter Thompson, Dave Winitsky, Dave Portner and the versatile Bill Strube (the only triple threat man that the team possessed), the latter being able to kick, pass or run like a demon.

But the Football Team could not have turned in such an enviable record were it not for the able assistance of the "Rah-Rah" leaders. Under the able tutelage of Mr. Slosberg, the cheer leaders have experienced a most successful season. Because of their fine work the students have learned new cheers, attended more pep rallies, and gotten a warmer school spirit. Maddy Malone, Ruth Ziegler and Burt Zeidner, of the class of June, '34, have formed the nucleus of the squad.

Olney's mermaids are a group of enthusiastic girls who meet every Monday at the Central Y. W. C. A. under the direction of Miss Dadeker. They completed a meet with Hallahan and also in a play-day in which almost all the high schools participated.

The boys' leaders are mostly sophomores and freshmen who are going to be good material for future gym teams. They practice on the same days as the gym team, and in addition to this, they lead their squads in the regular gym classes. Mr. Schott is in charge of them.

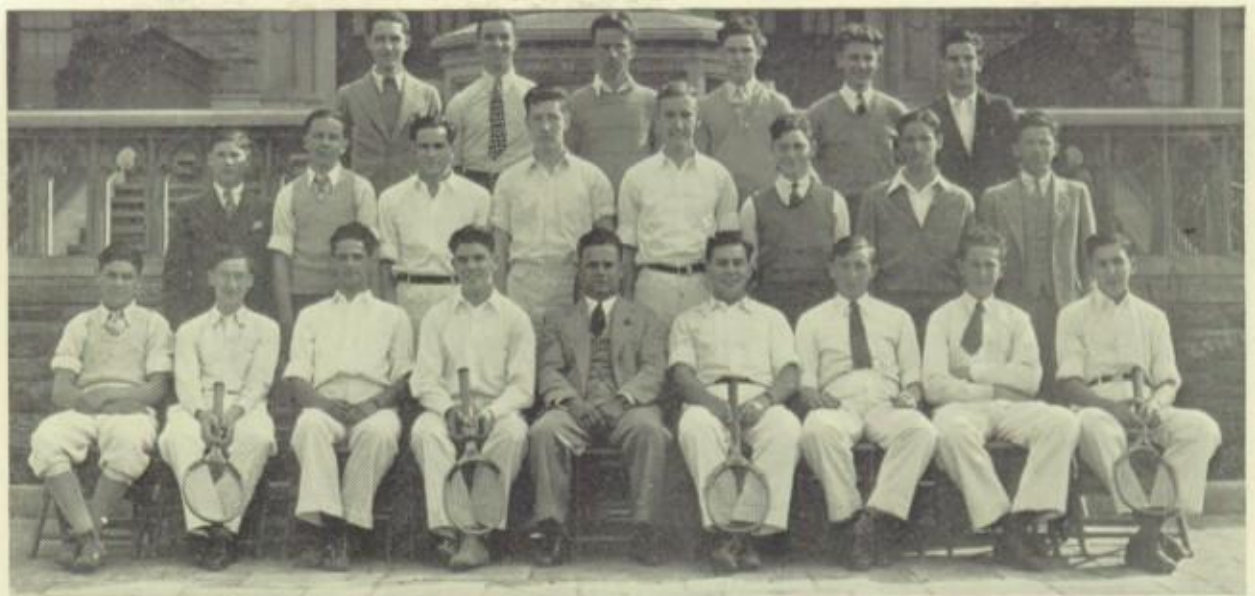

Every Tuesday afternoon Miss Dadeker leads a class of girls' leaders. They receive special instruction and special marks. These girls are chosen as the best from the large group who receive either an "E" or "G" in gym. They give up study periods to assist in regular gym classes.

The prospects for the 1933-34 season were not very bright as the entire varsity team of the previous season had graduated. After much experimentation, Coach DeTurk finally succeeded in forming a formidable five. The Blue and White quintet always proved themselves a menace to the League. Orville Robinson, of baseball fame, was also a member of the varsity five.

The season's sensation! Although not a team of mighty hitters, the Greenwoodmen produced runs by combining speed and skill. The Public High League Championship was a toss-up from the opening game. By their clever style of play, the Trojans proved a big threat and one of the leading contenders for the crown. Orville Robinson was June, '34's contribution to the team.

Our Gym team, under the able leadership of Mr. Weiler, ended their season by finishing in second place. They were only defeated by Southern High School. Captain John Wolfe, the outstanding gymnast of this term, was closely followed by Ray Layer and Walter Bartlett. We extend Coach Weiler our congratulations.

Olney's junior Tildens and all budding Vines made a fine account of themselves this season. Although placed under a handicap, due to the team's inability to secure courts to practice on in the immediate vicinity of the school, still the team turned in an enviable record for themselves. Ployd Felton, Captain; Charley Solkowitz and George Harris are senior members of the team.

The god of jinx all but blasted the aspirations of the largest track squad turned out in the history of Olney. Sid Selbst and Bert Freeman, flashy sprinters, suffered ankle injuries that did not heal till late in the season. Lew Greene, ace quarter-miler and junior Olympic star, was forced out of action the greater part of the season by a damaged knee, while "Gooch" Kordowitz, perhaps the fastest 220 man in the city, was unfortunately obliged to leave school, and his understudy, Bill Root, was ineligible. Nevertheless, the sensational high jumping and pole vaulting of Captain Jensen, the broadjumping and quarter-miling of Karl Kredatus and Morris (Iron Man) Gor, and the clever coaching of the new track tutor, Mr. Debus, made Olney's cinder history of the year fairly successful.

The fact that the girls' basketball team won the Championship is ample indication of the success of their season. Marjorie Helmuth of the June '34 Class was the mainstay of the team.

Lots of luck!
Ruth Ziegler

Ziggie, June '34's nomination for feminine perfection, isn't a prude, but she doesn't smoke, drink or gamble. Likes dark, blue-eyed Southern Gentlemen and chocolate ice cream. Plays a good game of bridge although she dislikes cards as amusement. Toe dances well, and sang on the stage as a kid. She detests crooning, fast dance numbers, and wild parties. Collects carved elephants and distinctive match folders and has boy friends in the Army, Navy, and bread lines. Dresses tastefully, swims well, and uses no cosmetics, except "Toujours Moi."

The little lady who is to cook in front of Mr. June '34's stove, must have a face as distinctive and beautiful as Ruth Ziegler's, or have eyes as pleasant and captivating as Virginia Christie, Verna Kenneck's Grecian nose, Jeanne Whitehead's skin, Katherine Matherson's auburn hair, and Peg Salerno's magnetic lips. She would be as excellent a dancer as Onnie Schultz, and would be as intelligent as Sylvia Rosenthal. Her worldly wisdom and sophistication would come from Bertha Horowitz, and Dorothy Pratt would contribute her obliging Nature. She would have the stately carriage of Anna Hoffman, and the poise in the midst of embarrassing circumstances of Ola Potter. Valerie Holmes would contribute her amiability and pleasing smile. This ideal woman would be as studious as Elizabeth Karff, dress as tastefully as Mae McFeeters, be as inclined toward the athletic as Marge Helmuth, though still be as petite as Peggy George, and have Ginnie Stauffer's Mae Westish figure. As a finishing touch, she will be as charming and delightfully vivacious as June '34's choice as the ideal girl, Ruth Ziegler.

Beneath Ruth's assumed robe of executive dignity, is the charming, vivacious, sparkling, little lady who won our hearts so completely.

MR. JUNE '34

Johnny is virtually adored by the fair sex and highly honored by his fellow males. He is licensed for the ministry and broadcasts weekly over a local radio station. Doesn't smoke or drink, and hates Latin. Uses Williams' shaving cream, likes chicken, Charles Dickens and John Philip Sousa. Abhors cosmetics, bleached blondes, and futuristic painting. Is a punster and public speaker par excellence, and plays a good game of baseball. Going steady with a girl at Frankford High, and will probably make a hen-pecked husband.

*With best wishes for
lifelong success.
John M. Ballbach*

*Serious Johnny becomes a brilliant witty
fellow, a heart thief, and respected pal, when he
sheds his role of presidential responsibility.*

If we may use the student ballot as criterion, June '34's perfect male would be as handsome as Johnnie Ballbach, or a composite of Bob Dobie's hair, Burton Zeidner's eyes, Harry Reed's teeth, Ployd Felton's complexion, Art Nibling's smile, Ralston Poole's chuckle, Charlie Jewitt's voice, Bob Beisswenger's amiability, and Ross Hidy's charming manner with the ladies. He would have Paul Glenn's physique, Sol Meihoff's proficiency on the athletic field, and Bill Strube's strength. Humor would gush forth from him as from the silver tongue of Olney's wit, O. Dean Johnston, Jr. He would have Arthur Whitehair's intelligence, Robert Blackburn's industry and energy, be as clever as our eminent columnist, Erwin Rose, and as ambitious as Lew Greene. He would have the application and studiousness of Arnold Finkel, and since every woman demands an excellent terpsichorean, he would dance as smoothly as Fred Teubel. His clothes would be as appropriate and fit as well as Ralston Poole's, and for his obliging nature and generosity he would go respectively to Jim Hultz and John Leonard, our two Galahads.
